FARMVILLE.

The Hampden-Sidney home party is a thing of the past but will remain a pleasant memory to all the individuals present for many years to come.

The newest thing or Farmville will be a Conservatory of Music to open on the 9th of September, and to be under charge of Mr. August Schemmel. He advertises advantages such as can only be obtained in Berlin, Leipsic or Vienna, and this means much to our music students since they will be saved an ocean voyage and the expense incident to study on foreign shores. "Watch Farmville grow." In addition to this Conservatory there will be a number of private musical institutions so that Farmville will fill and thrill with harmony.

The Normal will be crowded again and the session promises to be the best of all its splendid history. The graduates of last year have all been provided with good positions in the public schools of the State and will soon be on duty returning to the Mother Commonwealth much for which she has so generously done for them.

The Misses Wade with their guest, Miss Cameron, of Goshen, took in the Exposition and then went on to New York for two week's sight seeing.

No more news from our incoming railroads. I only hope they are neither "lost, strayed nor stolen."

None of us have had a two cent ride as yet, but we are looking forward to the 1st of October to know just how it feels. I am still of the opinion that the railroads will make money by the change just as the Government did by postage reduction, but if the rate turns out to be ruinous the State will not exact it. Railroads are as necessary to this people as the people are to the railroads, and they should work together in perfect harmony.

No one of us has had any right to complain of this summer, for while some days have been hot the night have been cool and refreshing. Our ice supply has been abundant, vegetables plentiful and of excellent quality and now and then we do indulge in the luxury of meat. Vegetarians are becoming more general however, and butter in large measures supplies the grease want.

There comes in touch of what other makes things lively in our financial circles. They have money to lend but none "to burn," and to get it a fellow must have the price. The only possible objection to bank methods is found in the 4-months time limit. It runs around altogether too quick. The fact is its whirr makes one's head swim and yet the banks are our best financial friends.

Dispensary beer is said to keep so cool that it will bear transportation to a convenient drinking place. That means no treating at the place of duke, and but for the social ghost perhaps the old serpent would not have had such a deadly sting. "Let's take a drink, and another and still another," and the devil laughed as the courtesy (?) went the rounds.

Why is it that drug stores are the most inviting loafing places in all towns? It is certainly true of Farmville, and as I believe of other towns as well.

As Supt. Eggleston went from Prince Edward, and Dr. Jarman, the President of the State Normal, is also a member of the State Board of Education, we feel a lively interest in the controversy on the school desk question between the State and Norfolk authorities, but it looks now that war will be prevented and peace reign instead. School books and school furniture concerns have the happy faculty of creating a row wherever they go.

Our Farmville syndicate will build that new town in Charlotte county, on the Tidewater, and strange to say, are going to call it "Phoenix." There is no "rising from its ashes," as yet and let us hope there will never be.

It is to be much regretted that Capt. H. H Hunt has resigned from the Captaincy of the Farmville Guards. He has been a model officer, filled with enthusiasm for the work and it will be hard to fill his place. The Company is an essential to Farmville and I trust will suffer a speedy reorganization.

Our people are going to the Exposition in goodly numbers, but as Mr. Barr says it is not yet complete; nothing remains but to keep the gates open for another year.

I never knew the turnips so early or so good. That cold spring turned out to be a genuine crop breeder.

The Rev. Oscar Littleton, a venerable and venerated minister of the Methodist church, who has served the God of the Church so faithfully, conscientiously for many years, is spending the evening of his life here, and is ever ready to respond to any call that may be made upon him as minister of the Gospel. Some men preach the word as they are met with in homes, and as they walk the streets, and he is one of them. His presence is a benediction, his walk and conversation that of the Godly man.

Invitations are already being sent out inviting friends to the opening of the Normal, and it was but yesterday when it closed. Even the long summer days have their end, and time nor tide waits for any of us.

With an organized German Club in town we may expect a gay winter season with our lovers of the dance. Do the preachers have as much to say of dancing as they once did? I don't recall but one sermon on the subject for many years and that was a mild one. I recall what an old minister once said to a young girl, who rema ked to him that 'dancing made girls graceful,' 'on the contrary my dear girl, it makes them graceless.' The discussion ended just there.

They tell us that tobacco is going to sell unusually high and that makes all Farmville glad as well as all farmers who raise the weed. Whether it sells high or low this thing can be always relied on, and that is that it can bring the ready cash. This is sometimes not true of old hams, yellow butter and fresh eggs, but is always true of tobacco. It does'nt always mean a profit to the farmer but the ready cash is his. The man who makes it is, without doubt, entitled to a profit and a good one. I have travelled extensively of late through the grass section of the State and have been very much impressed with the difference between the work required on a grass farm and a tobacco farm.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jemison, Spring Grove, York County, Pa.

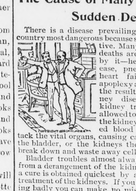
The Cause of Many Sudden Deaths.



There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root**, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

OLD BUCKINGHAM.

THE GRAND OLD COUNTY PHOTOGRAPHED.

Many Interesting Reports Made of Her People.

Announcement.

To the Voters of Buckingham:

After being requested by many of our Democratic friends in Buckingham County, we now announce ourselves as the Independent candidates for the office of Sheriff of Buckingham County. We appreciate the kindness of our Republican friends in endorsing our candidacy and they have our thanks, but we distinctly understood that we are Independent candidates for this office and have been all the time, and have been endorsed by our Republican friends. Knowing the duties of this office we feel that we can manage the affairs of the office with due credit to ourselves. Thanking you for your consideration expressed heretofore and bespeaking your further consideration, we are,

Yours faithfully,

C. D. McCRAW
P. A. GRIGG.

Announcement.

My fellow-citizens of the County of Buckingham:

A meeting of representative Republicans of our County, while aware that I was no longer actively engaged in politics, nor desirous of any political office, paid me the highest compliment some time ago of bringing me forward as their candidate for the office of Attorney for the Commonwealth of this County at the election to be held in November next. Those citizens did not appoint a committee to advise me of their wishes. I take it therefore, to be their intention, thereby, rather to emphasize the right of the people, to require the public services of individuals, than to give any special political preference, to the selection of county officers. I will however say, just here, that the Republicans of Buckingham have always borne themselves in a conservative and patriotic way, that ought to command the confidence and good will of the Buckingham people. Mr. Jefferson, so often quoted as the Father of Democracy, utterly abhorred a self-perpetuating class of office holders; forgetful of the Buckingham and other masses, and so fortified by rim rule, or otherwise, as to leave the people powerless to decide for themselves who they want to serve them. I have on many occasions insisted that the safety of our free Government must rest up on the degree of independent manhood preserved among the people. We should have preferences as to public measures, and in advancing them, properly affiliated with party organizations. To give loyal, rational, and self-respecting support to a party, is proper. To become a party slave—a tool, a machine,—under the domination of a party boss, is death to the Republic. Appreciating the confidence of my friends, political or otherwise, hitherto expressed, my name is at your service for the coming contest.

Your obedient servant.

ROBERT T. HURAND.

The Republicans of this District have done me the honor to nominate me for the State Senate. I appeal to you for your support at the general election, Tuesday, Nov. 5th, 1907. I promise you if I am elected that I will do vote my best efforts to secure such legislation as will promote the welfare of all the people of the District and State.

The Holiness camp meeting was attended by people from far and near, and it is a noticeable fact that people who may be classed as non-church attendants, go to these meetings. I do not pretend to say that all who go there go with the one purpose in view, of worshipping their Creator, because I think to the contrary, but I dare say that some who do go, seldom hear the word of God expounded elsewhere. It may be that some who go to scoff, remain to pray; it may be that some who go do so to have a good time; some may go to see a man, some may go to enjoy the toothsome viands (the Farmville correspondent is fain to write about) and some may have gone in the rain to hear what was done with the people charged with violating the revenue laws. Let us hope that the great majority went with pure motives.

HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer. Thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga.

Glenfall.

The good old summer time is fast passing away. We bid adieu to it most reluctantly. It may be true that each season has its charms, but we delight in the long summer days.

Frequent rains have so improved tobacco that now it seems every farmer has a very respectable crop. I hope the end will justify the means. The poor farmer is overworked, and then can scarcely make "buckle and tongue meet." Quite a large quantity of primings have been saved. The corn crop is unusually promising, vegetables are abundant, but the delicious melon is rare—a luxury one misses exceedingly.

A large number of people from this point will attend the Exposition.

A grave as revival was held at Mt. Comfort last week. Rev Lloyd Moore preached twice each day.

Large congregations attended and the sermons were all of a high spiritual order. He is a minister of great faith and power, and has wonderful success. He will be welcomed at Mt. Deafness cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
